Hi all,

Attached are the draft minutes from our last meeting. They are a bit more extensive than most but I wanted to capture the many comments and information gleaned from the meeting as they pertain to revisions to the EIS.

I'm also attaching the revised documents circulated by Gabrielle on Dec. 19 for your reference. These documents have many other comments and suggestions not covered in the meeting minutes.

Please review the draft minutes for both accuracy and to help keep track of tasks to which you are assigned. Please send me any comments you have by January 26 (assuming we gov't folks aren't furloughed next week!).

Thanks everybody for their continued efforts!

Gerry
