---

Hi John. Sure - Billings would make sense, as long as we could get through all of them in a day or two. Once we start talking tentative dates, I may see if Pat Deibert could at least call in for the first meeting (many of the issues should be relatively universal after that...). Thanks and let me know what you're thinking for dates. Talk to you soon,

Jeff

Hey Jeff,

Looks like our leadership has endorsed the idea that all of our planning efforts get together with you to discuss your input on the plans. Theresa wanted to have the lead bio, planning lead, and field manager attend the meetings with you and Ruth Miller and I will attend or call in. I was wondering if it might be best to have you come to Billings and have the teams come here for the meetings, but let me know how you think it would work best for you.

Hope you are doing well. J
