Hi Sabrina,

I'm not sure where we are on the routing, but can you send it back to CLA if its open in your box? I'm going to route it back through AES + AEA again. I hope to have an RD-approved letter soon, but it is currently under review with the 3 Regions.

Thank you,

Megan

Any movement on this? Just don't want it to fall off the radar.

I'm still working on it, I talked with the staffer this week as well as the Region but am going to need more help from the Region as the staffer has asked us to address congressional designated wilderness vs ACEC.

I passed that on to Megan last week, and she shared it with the Senator's staff already. They were not complimentary.
