Thanks Terry. I've copied Lief on this so he can add it to the agenda!

Hey Pat,

I would like to discuss the proposed expansion of the Powder River Training Complex. Which if you do not know is a huge increase in the area the Air Force uses for low level (as low as 500 ft. AGL) B1 and B52 flights. It involves SD, ND, MT, and a small portion of WY and encompasses much of the PPA in SD, ND, and SE MT. Our office is the lead on coordinating comments.

Hi everyone -

Our re-scheduled biologist call is next Thursday, June 5. I only have a few agenda items, and would really like to hear what you folks want to know about. So please send along your questions, agenda items, etc. That being said I will not be on the next call and Lief will be leading the call. So please copy him on any questions/agenda items, etc.

My suggested items include an update on the listing process (pretty please Kate can you lead?) and the proposed Federal Family meetings in late June, early July (you now know as much as I do on those).

Please send your "stuff" by June 3! Thanks!
