---

Hi Todd -

Jim is in Hawaii until mid November. (not fair, but good for him). So if they can wait until his return (Nov. 12) Jim can send. If they want them sooner please go ahead and send.

Hi Pat, Jim,

Washington F&W is looking for the GRSG PAC data to add to their CHAT tool. I wanted to make sure you are aware of this before taking any action.. I can respond to them directly or let Jim handle the request, let me know what you prefer.

Todd

Todd,

I am looking for the 2013 grouse Priority Areas GIS layer and metadata for use in the Washington State Crucial Habitat Assessment Tool (CHAT) map. This request is directly related to the Western Governors Association CHAT mapping project. Are either of these files available?

Thanks in advance for any assistance you can provide.

Gretchen
