Subject: Aquaculture Meeting
Date: Wednesday, September 9, 2015 10:26:07 AM
Importance: High

Since September 17th from 1-3 seems to give the most folks the possibility of attending, I would like to propose that meeting date/time. I know everyone is super busy and appreciate everyone juggling their schedules to find a time that will work.

Scott and Kelly have graciously offered to host the meeting.

Thank you,
Jennifer
