Hi everyone - I have overlap with another meeting today and I expect I might be about 15 or 20 minutes late to the workgroup meeting. My apologies - I will jump on as soon as I am able!

Hello All,  
Attached please find a final draft of the Tribe's Avian Monitoring Plan for the Dungeness Bay Oyster Farm for your review. Please note that this version of the Monitoring Plan has incorporated initial feedback from Susan De La Cruz (who may join our call pending availability) and Bob Boekelheide with the Olympic Peninsula Audubon Society.  
As I mentioned during our last meeting, the draft Monitoring Plan has been submitted to USACE staff and they have responded favorably to what we have prepared. Therefore, we believe that the attached version is getting pretty close to what the final plan would look like. If you have any final comments or considerations we will be happy to received them on Monday. I look forward to our discussion.  
Have a wonderful weekend,
