Hello Jennifer,

Here are the shape files from the second half of the survey. I am hoping we can get a final map together in the next week. Thank you

Ralph

Thanks for the photos from Dungeness Bay. It was fun! Here are the shapefiles of the gps points taken that day. Let me know if you need anything else.

Pam

Hi Pam, this looks good, I am excited to see how the rest of the data comes together.

If you send me the shape files I will forward them to Jennifer with an email.

Thank you!

Hi Ralph,

I've attached a map showing the points taken last Tuesday and the ones from June 8. Do you want me to email the shapefiles to the Fish & Wildlife Service?
