Called and left a quick message letting Scott know that the Solicitor's office is working on the question of jurisdiction, but that I do not know when an opinion might be provided. I told him to give me a call if he had any questions.

Jennifer and Nathan – I thought I would write and see what we could find out about progress related to the Tribe's leased tidelands in Dungeness Bay. As you might expect, we are anxious to resolve any permitting issues and begin again with our shellfish growing operations.

Thank you for your help.
