**Subject:** DNS Revision - SHR 2017-11  
**Date:** Wednesday, March 14, 2018 4:45:37 PM

---

Under the heading "Location of Proposal" the DNS and Notice both state, "This proposal is located at the northwest corner of Dungeness Bay south of the Dungeness Spit and the Dungeness National Wildlife Refuge".

The lease area is contained within the approved boundary of Dungeness National Wildlife Refuge.

We would request that a revision be published correcting this error, so that the public may fully understand the location of the proposed development.

Thank you,  
Jennifer
