Kelly,

Great question! We are trying to get a full understanding of our jurisdiction as it pertains to the Use Easement Deed granted by the state so we know which/if any federal regulations and policies we must meet as we discuss/approve the activity.

Do you have a written proposal of the activity you are planning on conducting?

Thanks for your patience,
Jennifer

In Exhibit B (Plan of Operations) of the lease it states that the size, location and culture methods used to grow oysters, as well as geoduck, will be discussed and approved by DNR and USFW prior to establishment. Does this need further clarification?

Thanks for your email. We are looking for clarification on our jurisdiction as it relates to aquaculture within the DNR Use Easement.

I'll let you know where we stand as soon as I know.

Jennifer,

Scott Chitwood informed me that you are still waiting for the solicitor's opinion concerning our lease. I'm assuming you have a copy of the lease and was wondering if the solicitor's opinion concerns the legality of the DNR lease? If not, what opinion about the lease are you waiting for? Jamestown would like to move this forward as soon as possible, which as you know involves USFWS as the lead for the ESA consultation. Thanks.
