Ralph,
I forgot to ask....where exactly am I meeting you?

Hi Jennifer,

Let's leave a little more time if that works for you. 2:30pm should be more than enough.

Thank you.

Ralph

I would like to leave for the meeting by 3:45. Would it give you enough time if I came at 3:00? I don't have anything scheduled prior to that, so I am flexible.

The following week would work better with my schedule. I have a meeting at the John Wayne Marina next Tuesday at 4pm. I could meet you at your office prior to that meeting. I would invite you to our office, but we currently do not have any heat and I am not sure when the issue may be fixed.

Jennifer,

Thank you for the thorough review of Refuge policies, I will view these over the next few days. I am hoping you have time Friday the 8th. If not, perhaps we can figure something out for the following week. I am very flexible.

Thank you for your time.

I will be out of the office January 20-30, but have a lot of availability until then. Let me know what would work for you.

I do not have expertise in farming techniques, but would be happy to share what little I know.

Thank you Jennifer. Is there a time you and I can meet in person. Perhaps we can use a face to face meeting to get more familiarized with farming methods and some of the Refuge policies.

Let me know when you have time, I am happy to meet wherever is convenient for you.

Ralph,

I am finally back in the office and just received your request for information. I have started working on pulling it all together and will get it to you as soon as possible.

Thanks,

Jennifer

Hello Lorenz,

I am sorry to hear your office is running at a lower capacity, but kind of normal for the holiday season.

I spoke to Sue for a moment and I was hoping to get a copy of the laws/rules/regulations/policies that govern which activities are acceptable in the Dungeness Refuge. She directed me to you or Jennifer for this.

I would really appreciate getting this document sometime today if that is possible.

Thank you for your quick response.

Ralph

Hi Ralph,

Sorry I couldn't get back with you yesterday. I got your message and unfortunately I don't have any news or update on progress to give you. As you know Jennifer is out of the office until the end of the year caring for her mother. I've called down to the regional office and those I would need to talk to are out of the office on use or lose leave. We here are down to half staff on our good days. Your questions are important and I apologize for not having more information to share with you at this time.

Thanks,

Lorenz Sollmann
