Jennifer, I reread your statement and will provide it to USACE to see if this fulfills their requirement. Perhaps there will be no request for further clarity. I do think it would have more bearing if it was in response to Liz' request.

Hi Jennifer,

Glenn provided your work cell # to me today as (360)460-4507 – but, that number goes through to somebody else.

I wanted to ask if you could please respond to Liz' email so that the full chain of communication is captured. Also, if you can please make your statement clearly so that it is not open to interpretation.

Shall I resend the request? And, if you can please correct the best way to reach you, that would be helpful. Thank you, Hansi
