Kevin,

I sent it to Jennifer but she is on leave all week so until she can weigh in especially on the altering of JST email response, I consider it a rough draft. Since the RD wants it by Weds, here's a cut should Jennifer not check her email. Writing a response for a meeting I wasn't part of on behalf of someone whose actions are being challenged and is not around, is a challenge.

C

Charlie,

The RDs office have asked for general and thematic responses to the assertions made by the JST staff during a powerpoint presentation on November 19. I have translated from their slides into a word document. Could you please work with Jennifer to develop "the FWS side of the story" for these. Keep it general it is for internal use only at this point.

Christine and I could add some context to what we heard if needed.

Kevin
