I can't believe that you people gave the go-ahead to an oyster farm in the Dungeness Wildlife Refuge. There is no justification for this idea beyond corporate profit, and a thousand reasons not to do it, which you know perfectly well. The fact that it is the tribes putting this forward should have no bearing. They can hardly claim that plastic bags full of oysters are part of their traditional culture. This is a profit grab, pure and simple. Shut it down!!!
