Subject: CO request for an additional public meeting in Denver
Date: Thursday, February 16, 2023 3:42:35 PM

I understand the CO Governor requested that we have a public meeting in Denver. Matt was going to get back to CO that is feasible and will be an additional cost since the contract only included 3 in-person meetings.

Kurt, will you reach out to WSP and ask what the additional cost could be to add another in-person meeting in Denver? We can discuss next week, when we might wedge it in our schedule.

Thanks all!
