Subject: Re: USFWS proposed 10j rule: Draft FEIS for review
Date: Monday, July 24, 2023 3:56:31 PM

Hi Liisa,

Thank you for letting BLM Colorado participate in this process as a Cooperating Agency. The vast majority of our comments and questions were addressed during the development of the alternatives and the DEIS.

BLM Colorado has a single comment for the draft FEIS. The BLM would not provide the amount of detail related to the cultural sites. The information provided in Appendix F give specific cultural resource site descriptions that has too much detail to release to the public. We are not allowed to share information about the location, character or ownership of historic properties. This is to help ensure protection of the site to help prevent disturbance or looting. Members of the public might be able to locate the sites based on the details provided such as landform proximity and site components (such as rock shelter, rock art panels, etc.). <https://www.achp.gov/digital-library-section-106-landing/frequently-asked-questions-protecting-sensitive-information>

Frequently Asked Questions on Protecting Sensitive Information About Historic Properties Under Section 304 of the NHPA | Advisory Council on Historic Preservation

Section 304 of the NHPA protects certain sensitive information about historic properties from disclosure to the public when such disclosure could result in a significant invasion of privacy, damage to the historic property, or impede the use of a traditional religious site by practitioners.

Subject: USFWS proposed 10j rule: Draft FEIS for review

Dear Cooperator,

Thank you for attending yesterday's Cooperating Agency meeting and for all of your input and information in our analysis of a rule to designate an experimental population under ESA section 10(j) for Colorado's requested management flexibility for their state-led wolf reintroduction.

As discussed yesterday, because of our compressed schedule, you will have one week to review the attached draft FEIS and we would appreciate receiving comments by close of business Monday, July 24. We have scheduled the second meeting (if needed) on Thursday, July 27 from 3 to 4 pm MDT to discuss your comments and have sent a Teams invite for that meeting. Please let me know if you find value in holding and attending that meeting.

Thank you again for your review given the quick turn around and please contact me at liisa_niva@fws.gov if you have any questions.

Respectfully,
Liisa
