Would you please provide an update on the status of this request? DTS show a 4/28 review date by Deputy Assistant Secretary Travnicsek, but does not show that the request was signed and routed to CCU.

Region 8 is trying to comply meet DOI timetables for EIS development per Executive Order 3355. If there's anything I can do to expedite the process, please let me know.

We received this after the due date of April 15. It is awaiting review by Principal Deputy Assistant Secretary Travnicsek. She will be back in the office on Monday, April 29; she will look at it then.

As soon as she approves it, I will send it to the DepSec's office for review.

+ Maureen Foster, who may be able to track down this package in DTS and determine if it's on it's way back to us, or if it needs more info.

Thank you!

I checked and the package is with FWP since 4/19. I recommend you work with Charisa to try and get it surname as soon as possible.

Another DTS package to track down:

DTS shows it as signed by Margaret Everson on 4/12 and with FW since 4/19. The DTS due date is 4/15 and the actual request for waiver says that a decision is needed by 4/26 (tomorrow). Does anybody know where this package is and what needs to be done to get it signed in time?
