Sounds like a plan.

Sounds good - we should have the EIS ready to go by Thursday. Then Paul (or Jody) can send the scheduling request to the DOI Review Team. We will probably ask for Jan 11th in the email but who knows what the review team will agree to. If we do get the 11th, we could brief her earlier that week or even next week if needed.

Mark -

I reached out to Polly re: a briefing for Cynthia and/or Margaret below is what she said:

I did (*reach out to Cynthia*). She said she doesn't need a briefing. She also said that She thinks the department is basically shutting down after December 15 with regard to things moving that would be published in the Federal Register. So she doesn't know what they're doing with regard to those NEPA briefings. Margaret is planning on being around most of the rest of the year except for the 27th and 28th. So she recommends getting the briefing scheduled with the department and then offering Margaret one before that.

Government shut down could screw us up.
