**Importance:** High

---

Kaylene,

What do you think about due dates? I'm thinking 4 mos for draft of Power Analysis, 6 mos for final (w/ 1 month review period)? Then 9 mos for draft spatial analysis, 12 mos for final (45-day review period). We'll want updated Power Analysis in case we need to revise data collection prior to potential mouse eradication, so shorter time frame is more critical. But I'm open to suggestions.

Thanks for the new proposal. I think this captures what we are looking for.

Thanks for getting this to us this week.

Kaylene

Hi Kaylene

Here is our revised short proposal for the power analysis, taking into account a slight budget increase and your recommending wording changes.

I assume you are fine with the existing spatial analysis proposal. Thanks so much for your support.

Sincerely

Russ
