Hi Gerry,

I will be out of the office all of next week except Wednesday (5/30). If you want to submit directly to John Klavitter, that's fine (but please CC me). I will give him a heads up on Wed. Thanks.

Hi Mark,

I'll be working on this over the next couple of work days, with a goal of having a revised version by Tuesday. Should I submit the final version to you. If so, given that these are due June 1, do you have another date it would need to be to you by?

Thanks.

Hi Mark,

Attached is an FY20-21 Large Invasives Draft proposal for the Farallon Islands NWR house mouse eradication project. This has been through internal review here. This proposal has been substantially modified (and improved, hopefully) from an unsuccessful proposal we submitted last year.

We hope the RO will support this proposal and look forward to your feedback. Thank you.
