Polly et al - Did anyone else receive a similar invite? My NOAA contact said she was working with HQ on getting a list of all Pacific coastal refuges to invite, but thought I'd pass along. The workshop will be in San Francisco, and I'd be happy to keep you in the loop if you're interested but unable to attend.

Best,
Anne

Managers - I've been invited to participate in a workshop in January hosted by the Commission for Environmental Cooperation (CEC), which is a trilateral intergovernmental organization between US, Canada and Mexico created "to support cooperation among the NAFTA partners to address environmental issues of continental concern, including the environmental challenges and opportunities presented by continent-wide free trade." In discussions with a NOAA colleague, all of our coastal refuges are of interest to the CEC, including those within San Francisco Bay in addition to the outer coast. So I plan to attend on

behalf of all of our coastal/bay refuges in the complex, but also welcome any of you to accompany me if you are interested?

Thanks,
Anne
