Would you please provide an update on the status of this request? DTS show a 4/28 review date by Deputy Assistant Secretary Travnick, but does not show that the request was signed and routed to CCU.

Region 8 is trying to comply meet DOI timetables for EIS development per Executive Order 3355. If there's anything I can do to expedite the process, please let me know.

Another DTS package to track down:

DTS shows it as signed by Margaret Everson on 4/12 and with FW since 4/19. The DTS due date is 4/15 and the actual request for waiver says that a decision is needed by 4/26 (tomorrow). Does anybody know where this package is and what needs to be done to get it signed in time?
