Sorry, just seeing this now. Attached is the PowerPoint and the draft Record of Decision. I'm assuming that Margaret hasn't participated in one of these briefings before. I will see if I can find the Deputy Sec memo that lays out the new briefing process and the roll of the review team. Let me know if you have any questions or need anything else.

Ok. I just spoke to Mark. Paul will do the introduction and Gerry has the lead for the briefing. Margret is considered part of the executive review team, so we are not quite sure of the expectations there since this is our first EIS briefing. To help her prepare she can review and /or print the PowerPoint, but we were told hard copies will be made available to those attending at DOI. If she wants more details I would encourage her to review the ROD.

Hope this helps! If you need more info just let me know and I will track it down.

Stacy

Thanks, Stacy. I look forward to hearing from Mark. Paul does have the lead but will only be kicking things off and relying on staff to provide details.

Jody -

This is a refuge briefing. Mark and Patricia along with staff at San Fran and Paul will be participating. I believe Paul will have the lead. Mark can help answer the question on what materials need to be printed and set us straight on if Paul is expected to have the lead.

Jody,

As far as I know, this is a Refuges project so have copied Polly, Stacy and Karl so they can help here.

Thanks,

Mike

Region 8/Gary

Margaret asks who has the FWS lead during tomorrow's meeting with Jim Cason and others in the Department re: the final EIS for the South Farallon Islands Invasive House Mouse Eradication Project. She is inquiring what her role is at the briefing and which of the more than 10 briefing papers attached to the invite we should print for her. There are more than 10 attachments totaling over a thousand pages.
