Per our conversation, Gerry, it looks good to me. You're getting some feedback from Patricia re any concern regarding calling proposed effort simply Farallon Restoration Project. Habitat Restoration? Non-native Vertebrate Control? r/

Subject: public scoping letter

Doug,

Attached is the draft final of the scoping letter. Please give it a read and let me know if you have any comments to shorten and add info on meeting location. Otherwise, I'm good with it. Will need to check with John and/or Mendel before it goes out, too.

FYI, I'm saving associated files for this project on the shared drive at:
M:\REFUGES & PROGRAMS\Farallon\Mouse project\Mouse EIS public
scoping
Please save your version with edits there in the folder titled "Public
Scoping Letter."

Thanks.

Gerry
