Hi Gerry,

Thank you for checking on these comments. Zach mentioned to me that there was a small petition with about 50 signatures from the Hungry Owl group that he was planning on scanning and emailing to me. Also, I did get a comment from the Poison Free Action Coalition, which looks to be a coordinated effort from the Marin Humane Society, Project Coyote, Wildcare, and Hungry Owl Project. Is this the letter you refer to from the Marine Humane Society? I have not received a comment from Mrs. Neil Burton, so if you can send me that once it is located that would be great. Thanks,

Gabrielle

Gabrielle,

I've gone through everything I can find. I forwarded to you the Linda 790 comment (it was very brief) and another from Hans Peeters that I did not see on your list. I did not find a petition from Hungry Owl. I also found empty envelopes addressed to the Scoping address that I am not finding letters for: one from Marin Humane Society, and one from Mrs. Neil Burton. I'm hoping Zach might be able to point me to where these would be.

Subject FW: Farallones Scoping Comments

Hi Gerry,

I am writing in reference to the Scoping Comments for the mouse eradication project. Zach forwarded several comments and the Wildcare petition to me, but I am unsure if I received all of the comments. I have attached a list of groups and individuals that I have received comments from. Zach indicated that there was a second petition by the Hungry Owl group, but I never received that petition. In addition, Zach sent me a partial comment from Linda790@yahoo.com, but part of the comment was cut off. Can you please confirm that these are all of the Scoping comments that you received for this project and forward anything to me that I am missing (including the Hungry Owl petition and the full comment from Linda790)? Thank you,

Gabrielle
