Hi Gerry:

Just a friendly reminder that your comments on the Alternative Assessment is due back to Gabrielle tomorrow, Dec. 16th.

I trust you will be able to make your edits by then so she can incorporate the make the changes necessary next week before the holiday break.

We will then revise the report, matrices and summary and prepare a power point for you and the team to review.

Gabrielle should be working tomorrow (Friday), although she has been sick this week so far.

I will be out of the office for the next couple weeks starting tomorrow, but I will be working with you and Gabrielle on the necessary and timely aspects of the Alternatives Report as needed and will be available by phone and email until Dec. 27 to ensure we are ready for the January meetings.

Also, please advise as to whether Jan 13 might work for you and Mendel for our partner meeting in Santa Cruz, as Jan 11 may not work as well for most other team members.

Thanks!
