Cindy and John,

Funds for the Murre Project Project and Farallon mouse project were included in the January allocation. According to Jennifer Anderson, she is just now working on the OFT for this but she has given approval to obligate funds prior to OFT. I'm working on Humboldt State U. coop agreement mod now; if we do not get this out promptly, we will have a delay in hiring and beginning field season. Next, I will work on Island Conservation and PRBO agreement mods.
