John:

On behalf of the entire Farallon Hazing & Monitoring Team, we are happy to hear that you are ready to roll with us this fall ! (November 26 - ~December 17). We will soon figure out how to best sign you up (USFWS volunteer?). We can get you out there, provide your food and a place to sleep and all the gulls you can count/haze. Your extensive experience should be invaluable. I will be in touch later next week. Pete can keep you in the loop until then.

Maddy Pott is leading much of the planning effort for me now, but if she can't answer your questions, I'll try.

Looking forward to meeting you!

Subject: Pre-eradication gull hazing trials on the Farallones

Hi Dan,

I've learned from my brother Pete with PRBO that you're looking for volunteers to assist with your pre-

eradication work on Southeast Farallon Island. I worked with seabirds on SEFI for 2+ seasons and have a lot of experience with hazing gulls and waterfowl. I'll be headed to the Bay Area in late November anyway and would be interested in helping out if you could use me.

Thanks,
John
