Gabrielle,

Still working on this in between several other things. Attached are my edits to the Exec Summary and Introduction. I did a lot of editing to cut out info that is more appropriate for the draft EIS text and doesn't need to be repeated here as well as clarifying the important points for this document. Sorry I didn't take the time to do that with previous draft.

Will have more by end of the day but wanted to get you what I have.

Gerry
