Subject: SEFI boat trip schedules?
Date: 10/15/2012 03:30 PM

Hello again:

Any of you know when any boats are scheduled to go out to SEFI in the next 30 days for maintenance or other trips?

We are hoping to schedule a trip or make use of an existing trip to get some of the gear and equipment out there early, and start some experiments.

Thanks for any info you can offer!
