Hi,

I have revised the NOI to reflect everyone's comments so far, including Barbara Goodyear's. I also move part of the paragraph under NEPA compliance into the section on public comment since it related to the development of the EIS. With Barbara's surname, this is the document I will forward to Carol, Dave and Marge. I won't get Sara Prigan's review until next week, so I will probably hold off on having the RD sign until I get comments back from her.

If you see anything that I missed, let me know. Thanks.
