I was just looking at this in the appendices and comparing to what I have. Both the Project Feasibility (Appendix A) and Bait Degradation (Appendix D) were updated based on peer review comments. When Brad Keitt sent me the revised reports, they had not dates on the cover pages. After Brad sent me info on completion dates, I misunderstood the date for the Bait Degradation trial report, which I put on the cover as July 2013. I now realize the final date was May 2015. I corrected that on the cover page of this version. Please replace Appendix D with this file.

Thanks and sorry for the confusion.

Gerry
