Hi Gerry—

I've attached our most recent NICRA—we are still awaiting the one currently in process, and have been told to expect it soon, despite the fact that there is a bit of a back up with the feds.

We will forward the new one ASAP!

Thanks,

Karen

One more thing. Do you have a current indirect cost agreement with the Feds? If so, please send me a copy? Attached is the most recent one I have, which expired in 2015.

Thanks, Karen. Looks good to me. Hopefully contracting thinks so, too.

Karen,

Thanks for getting these to me so quickly. SF424 looked ok to me. I actually don't need the SF424B for modifications; only need that for a new agreement.

On the SF424A Budget form, I need you to include the Pt Blue portion for Project 1. By our agreement, Pt Blue is required to provide 2:1 Pt Blue:FWS cost share on these funds from the Refuge. You'll need to show the total Pt Blue share in Section A, row 1, column (f) Non-federal, then include line item details in Section B column 1. Then, in Section C, enter Pt Blue's share in column (b) Applicant. I can send you a copy of last year's form as an example if you need it.

Please send revised version.

Thanks.

Hi Gerry—

Nice to speak with you today!

I've attached our sf424 series. I understand there may be edits down the line as the funding becomes clarified —no problem ☺

Thanks very much for your help,

Karen
