Thanks, Bethany,
Here is the draft report.

Note that I just realized that "Plethodontid" was misspelled "Plethodontid" in the title.

Look forward to your review.

Gerry,

No worries on the name. I've seen every conceivable spelling over the years...

Attached please find my signed reviewer confidentiality agreement. Let me know if I can provide any other information.

Best wishes,
Bethany

Dr. Kunz,
I just realized that I misspelled your name in the cover. Many apologies. Attached is a corrected cover letter.

Dear Dr. Kunz,

We are soliciting peer reviews of a draft report titled "An assessment of the potential hazards of anticoagulant rodenticides to Plethodontid salamanders." This report is being used by the USFWS as a decision-support tool. The report is 50 pages in length, including 12 pages of single-spaced text, 7 pages of figures and tables, and 31 pages of appendices. John Isanhart informed me that you are willing to serve as a reviewer on the draft report. I would need your review by March 20.

This document is considered confidential, as would be your review, until it is released along with other documents associated with project. After that time, the document and associated reviews (including reviewer names and affiliations) will be available to the public.

Please see attached cover letter and confidentiality agreement. Once I receive your signed agreement, I will send you the draft report for your review.

Thanks.

Gerry
