Subject: Presentation on the deluge system - SpaceX

Amy,

wanted to let you know that Dawn, Mary and I had a call with Katy Groom from SpaceX yesterday. Katy went through the ppt on the deluge system that was discussed at our meeting earlier in the month. I believe the presentation was informative, we were able to ask a number of questions and get answers on the spot. The presentation helped us to better understand the system and what the impacts may be. Katy also provided the ppt to us after we talked, for our reference (attached).
