Thanks, Amy. We are looking to wrap up our work - short of the environmental - this week. We are still working the environmental with NMFS. We heard earlier today that they are still a few weeks out, but we also heard that SpaceX is still targeting the 10th for flight, so we expect some more discussion on schedule in the next few days.

Please let me know if you have questions.

Thanks,

Dan

Dan-

Good afternoon. I got a bounce back message from Stacey that she is out of the office today. Since my call with Gwynne is Wednesday morning, I thought I'd reach out to you with the same question on whether you all have a target date for licensing decision. Happy to jump on a quick call if that is easier.

thanks!

Good morning Stacey. Hope you had a great weekend. Just a quick check in on whether you all have a target date for licensing decision. I'm talking to Gwynne Wednesday this week and it might be helpful to know.

Let me know if you'd rather jump on a quick call  
thanks
