Good instincts Sonny. Yes please include ES and Joan in the discussions as I think everyone will have something to contribute
P.s. Molly used to work for me at BLM - she's good to work with

Amy and Steve,

FYSA. I suggested to Imer that we be inclusive of ES on any discussion but asked him to delay response back to Molly until I advised you all that request has come from DOI to meet.

I also wondered if you might want to contribute some thoughts.

Is this something we should get involved in. Feels more like something for ES.

Hi Imer and Joseph,

Our office is coordinating the development of a Memorandum of Understanding (MOU) between FAA and DOI on commercial space transportation environmental reviews. Your perspectives would be helpful as we draft DOI's recommendations for the MOU. Would you be willing to meet briefly to discuss ongoing impacts at Boca Chica, mitigation and clean-up efforts, and coordination between

FWS, FAA, and SpaceX?

Thanks,
Molly
